Packages must be consumed in the duration of the current stay. Unused treatments may not be carried over to the next visit to JOALI Maldives.

Reservations

Your package commences on the first day of your first treatment or activity. Each package is limited to those guest(s) who are enrolled in it at the start and cannot be transferred.

Our packages are scheduled for one, three, or five days. In the event that the Spa cannot provide a slot due to capacity restrictions, your appointment may be booked outside the allotted days of the package.

Inclusions

Massages and treatments may not be interchanged for other treatments in the Spa Menu.

Wellness activities such as fitness and yoga sessions may be customised or interchanged to accommodate the guest's preference.

If you are pregnant, please advise us on how many weeks in you will be at the time of your appointments, so we can ensure you have the best experience. Please note that general medical advice for mothers-to-be is to avoid the use of heat facilities such as Hammam. We require your doctor's written consent in order for you to participate in activities involving workouts or yoga.

Workshops such as Painting and Green & Clean Juice-Making may not be interchanged for other activities.

The lunch menu is pre-set, but we will do our best to accommodate your dietary preferences. Please note that drinks ordered outside the set menu are chargeable.

If you are late for your appointment, you will only be able to receive the remaining time allotted for it, as the Spa may be operating on a full schedule.

If you are suddenly unwell and unable to take your treatment, you may reschedule it one time.

Please note that all change requests are subject to availability. We will always try our best to book you an alternative time/date.
